- Boarding Handles & Life Lines
- Canopy & Canopy Mast
- Heavy Duty Polyester Valise
- Customizeable Pack Sizes Available

SPECIFICATIONS

Survival Products 10 Person Life Raft conforms to the latest FAA TSO C70a requirement. This life raft has a double tube inflatable design, classified as a Type I Transport Category life raft. All Survival Product life rafts are constructed with the latest Urethane coated Nylon Fabric, that are attached using hot air welding technology. Welding the fabric together tightly seals the seams together.

Each raft includes a stabilizing Water Ballast System and a Water Activated Locator Light. Aluminum cylinders and valves are added to reduce corrosion while packed and in use. The Soft-Pack Valise is made of heavy-duty polyester fabric with secured Velcro closures for a tightly packed raft. These rafts are engineered to reduce overall weight and deliver a compact design for easy transport and stowage for any aircraft compartment. Survival Products life rafts come with 3 year service interval and 5-year warranty on parts and labor, built to last a lifetime with proper care.

PART NUMBER	DESCRIPTION	Endpack	PACK SIZE	WEIGHT
RAF1210-301	10 Person TSO w/ FAR 91 Kit		9" x 15" x 20"	45 lbs
