

# DGR-800

## Liquid Mesh Degreaser

### **Product Description:**

DGR-800 is a biodegradable, sprayable liquid degreaser for mesh that is odorless. *This product may be used straight for maximum effect or diluted 1 part product up to 10 parts water for better economy.* DGR-800 is suitable with all types of spray units and screen reclaiming systems.

DGR-800 complies with all SCAQM regulations and does not contain any SARA 313 reportable products.

When this product is used emulsion adhesion to mesh is greatly increased!

### **Directions:**

Apply to both sides of wet screen using a brush, chemical spray system or spray bottle and scrub with a soft bristle brush.

Rinse with clean, low-pressure water. If you are using capillary films this product will produce a sheeting action for applying films.

Contains a wetting agent!

These directions are supplemental and are to be used in conjunction with the appropriate MSDS sheet for this product.
