# Mister-T2 Pro Barcode Scanning Worksheet

# **ECOFREEN**

You will now be able to program the Mister T2 Pro for your next jobs at a scan of a barcode. Simply scan the barcode and press the step pedal (if using the manual method). The barcode consists of 12 numbers, which can be broken up into 8 portions.

X	XX	X	XX	X	XX	X	XX
1	2	3	4	5	6	7	8
