
COLOUR

Colourless

FLASH POINT

Approx. +80 °C

**HEALTH HAZARDS/
ENVIRONMENTAL
PROTECTION**

When working with PREGAN COMBI-CLEAN ensure good ventilation of the working areas. Avoid contact with eyes and skin.

PREGAN COMBI-CLEAN can be eliminated through biological decomposition in sewage plants. In case of appropriate conduction to biologically adapted sewage plants, no disturbances of the activated sludge are to be expected. Production waste water containing PREGAN COMBI-CLEAN may not be emptied into open waters without having been pretreated.

Please follow further information given in the material safety data sheet.

STORAGE

1 year (at 20 - 25°C)
