

SC19 Graphic Press Wipe

Product Description:

A highly effective- non oily screen cleaner with a mild citrus odor that removes all types of Conventional and UV inks from screens.

When this product is used the operator does not need to use a strike off sheet after using this product. SC19 also allows for immediate taping of the screen without the oily residue.

SC19 does not contain any SARA 313 reportable products.

Directions:

Simply spray on screen, lightly wipe with a soft towel for immediate taping buff lightly with a dry towel.

Chemical recirculating systems:

Fill unit with SC 19, after use allow product to settle for separation of inks and chemicals, remove sludge and top off with fresh chemical. This product may be reused after settling of sludge in a holding container.

These directions are supplemental and are to be used in conjunction with the appropriate MSDS sheet for this product.
