Connect the EVEO keyboard to your device

1. Turn on the power switch. Press and hold the "connect" button for 3 seconds, The **Bluetooth light** will flash.

2. Open Bluetooth settings in your device, choose "EVEO keyboard" and you are good to go!

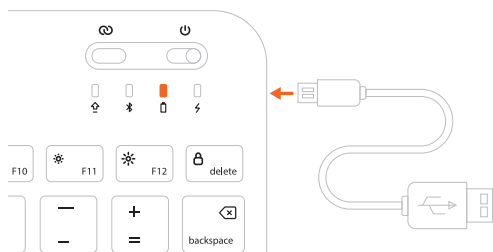

3. Press the "**fn**" and **A or S or D** buttons at the same time to switch keyboard settings to the required system.
fn+A for Android
fn+S for windows
fn+D for IOS

In order to save battery, The keyboard enters sleep mode automatically if not used for 15 minutes. Press any key to wake it and wait 3 seconds

Charge the EVEO keyboard

1. When using it for the first time, charge it for at least 6 hours before using. When the charge indicator light flashes, it means that the battery is low. In general, when the battery is low, charge it for at least 2 hours.

2. Connect the charging cable to the keyboard according to the figure below. When the charge indicator light is solid, it indicates that the charging is in progress. Charge indicator light is off when the keyboard is fully charged.

Adjust illumination

-  **x 1** press once to **turn on the light**
-  **x 2** press twice to turn on the seven **color breathing mode**
-  **x 3** press three times to **turn off the light**
-  press to **change color**

If your keyboard doesn't work properly

1. Make sure that the bluetooth function of your device is enabled and the keyboard battery is charged.
2. The keyboard must be within 10 meters from the computer.
3. If the keyboard can not be paired with the device, typing delay or continuous repeated letters, please follow the steps below:
 - Delete/Forget/Remove all Bluetooth devices in the Bluetooth devices list
 - Turn off bluetooth on the device
 - Restart tablet
 - Turn on the bluetooth and pair again the keyboard.
4. If you can not use uppercase, go to:
Settings>General>Keyboard>Hardware Keyboard, and choose Caps Lock key function: switch cases or switch languages
