Please Read Before Use

Prior to setting the time, the Halograph II Automatic movement must be given an initial manual winding to power up the mainspring. [Approximately 40 clockwise turns of the crown]

Time Setting

Gently pull the crown to the time setting mode (second position) to adjust the hands. Once you've set the time, push the crown back to the handwinding mode (first position). All done!

Warranty

Xeric gladly offers a limited warranty covering defects in materials and manufacturing for a period of one (1) year after the original purchase date from an authorized Xeric retailer. This warranty does not cover batteries, case, crystal, crown, pushers, straps, or any changes that occur during use and not from manufacturing or assembly. This warranty is considered void if you open your caseback, push the buttons underwater, or expose your watch to moisture beyond the recommendation of the watch's water resistance rating. Proof of purchase is required for all warranty claims, so please save a copy of your receipt. Xeric reserves the right to not accept a warranty claim if a watch has evidence of excessive wear or misuse. Xeric reserves the right to repair or replace any watch returned for service at our option.
