

GS Series – Outdoor Omni Speaker

The GS speaker series is TIC's flagship outdoor speaker series. TIC has been building its renowned Outdoor Omni Speakers for over 30 years. This continues our long tradition of manufacturing speakers for outdoor living. The GS series are the most widely used outdoor speakers for landscapers, commercial contractors, and home users.

The oversized housing allows a good bases response without the use of sound ports. The reflection cone creates a non-directional 360° "omni" sound source, immersing the entire landscape with music without hotspots.

Every aspect of the speaker is designed for exterior use. The color is designed to blend in with your lawn or shrubs. An oversized dome protects the speaker from rain and snow. The weather resistant polypropylene speaker cone will ensure your speaker lasts through many seasons.

Features:

- 360° sound (Omni Directional)
- Weather resistant housing
- In-ground or surface-mount installation
- Optional external 70v transformer: SP70vTA
- Color/Finish: Green

GS10 is the economy version of TIC's flagship Omni Speakers. These speakers can be easily installed with multiple mounting options with the included hardware.

Features:

- **Pair of economy Omni Speakers**
- **360° sound (Omni Directional)**
- **Weather resistant housing**
- **2 x 4" polypropylene driver**
- **2 x 50W/25W peak/continuous Power**
- **30 ft 18/2 insulated cable included**
- **Unit Dimension (per speaker): 6.5" x 6.5" x 14"**
- **Color/Finish: Black**

GS50 is the subwoofer version of TIC's flagship Omni Speakers. The GS50 is enhanced with a built-in crossover so two satellite speakers can be added onto your sound system with the convenience of a single stereo input. The GS50 is designed as a passive subwoofer to be used with any standard amplifier, not with a regular LFE output that requires power source in the subwoofer.

Features:

- **360° sound (Omni Directional)**
- **Weather resistant housing**
- **8" polypropylene DVC subwoofer driver**
- **250W/125W peak/continuous power**
- **2x satellite speaker capability with built-in crossover system**
- **Frequency Response: 25Hz – 200Hz (crossover pass level: 200Hz)**
- **8Ω per standard input (4Ω with satellite speakers)**
- **2x double-insulated 3.3FT/1M 2-core output audio cable tails**
- **1x double-insulated 3.3FT/1M 4-core input audio cable tail**
- **Unit Dimension (Weight): 12.5" x 12.5" x 13" (10 lbs)**
- **Package Dimension (Weight): 13" x 13" x 13.5" (12 lbs)**
- **Includes 2 weatherproof cable connector (SPC-CN1)**
- **Color/Finish: Green**
- **UPC: 735120100506**
