

FOOTBAR PRO

Luxembourg women's national team

AI FOR FOOTBALL

Thanks to an **artificial intelligence** trained on tens of thousands of hours of videos, the Footbar tracker understands the movements of the footballer and transcribes them into statistics

The tracker is ultra light (9g), and is placed at the level of the calf thanks to a textile band.
Authorized in official matches.

OUR EXPERIENCE

The player wears his tracker during games and/or training sessions

He gets his **personal statistics** on his application

The staff has access to the **detailed data** of the team on a dedicated platform

COACH PLATFORM

The main tool of our club offer : A platform gathering **individuals and collectives data** from one or different teams
