USER MANUAL

## Safety and Important Instructions

- Place the Soundbar in a cool, dry and clean place, free from vibrations.
- Do not place any objects such as vases full of liquid, on top of the Soundbar.
- If liquid or a foreign object enters the Soundbar, stop using it immediately, turn it off and remove the plug from the mains supply.

**Warning: There is uninsulated "dangerous high voltage" inside the Soundbar. To prevent electric shock, do not remove the cover or the rear plate yourself.**

- **Do not open the housing or try to repair the Soundbar by yourself otherwise the warranty will become invalid.**

Only use a soft, dry cloth to clean the Soundbar. In extreme cases, mild detergents poured onto the soft cloth can be used to remove stubborn dirt.
