Pin

- To attach the straps, slide the pin (the side opposite to quick-release lever) into the notch on the watch. Attach the strap with the clasp to the top of the watch.

- While pressing the quick-release lever inward, slide the other end of the strap into place.

- When both ends of the pin are inserted, release the quick-release lever.

Pin

To remove the straps, turn over the watch and find the quick-release lever.

While pressing the quick-release lever inward, gently pull the strap away from the watch to release it.

- Charge the smart watch before using it.

- Full charge in less than 2 hours.

- Connect the back of the watch to the magnetic charging pin available in the box.

- Please use a 5V charging adapter or connect USB with the laptop.

  NOTE: Do not use any fast/dash charging adapters.
