APP DOWNLOAD

Scan the QR code to download the smartwatch app
OR
Download 'WearPro' App from the Playstore or App store

- To attach the straps, slide in the bottom of the strap into the gap on the watch case.

  Similar to a bank card swipe in the machine

- To remove the straps, slide the band outwards from the main watch casing.

  Opposite of the installation process

- Charge the smartwatch before using
- Full charge in less than 90 mins
- Connect the back of the watch to the wireless charger available in the box
- Please use a 5V charging adapter or connect USB with the laptop

 Note: Do not use any fast/dash charging adapters

- Turn on the Bluetooth on your mobile phone.
- Create an account and login to the app
- Open App > Device > Search for bound devices > choose S4 MAX

  Note: Once connected, you will receive all the notifications on the watch

- Swipe from left to right once on the main screen
- Click on the BT Call icon and enable it
- Search for 'S4 Max' in the phone's BT list and connect
- Upon successful connection, you will be able to make/receive calls from the watch

Note: To add your favorite contacts, go to Device tab – Frequent contacts – Add/remove contacts from the list – Click Sync to watch

(You can add up to 20 frequent contacts)

Disclaimer

- Optical sensors present on the back of the smartwatch are used to track the health vitals, do not rely on them for medical purposes.

- Crossbeats will not be responsible for in-app purchases made via WearPro app.

- Crossbeats does not save your personal data and is not responsible for any data stored on WearPro app.

- Battery life may vary depending on usage patterns.

- The watch charging time might slightly vary depending on how much battery percentage has been depleted and the voltage supply for a charge.

- To receive notifications, calls and other alerts ensure your data and Bluetooth connections are stable.

- Our smartwatches are waterproof and are not suitable for diving. Also using them in the shower with harsh chemicals can damage the watch.

- Use the smartwatch with appropriate apps to achieve the best results.
