

## Ready to use damp-proof and waterproof coating

# Damp-proofing Slurry

- For preventing dampness and water penetration in:
  - basements, cellars, pits and pools
  - foundations - half buried walls
  - concrete gutters
  - stone, brick, clay or concrete planters
- Ready to use (just add water), simple to mix, easy to apply
- Keep unused product (just add water to the amount needed)
- Excellent adhesion to masonry, concrete, stone, block, brick and tile surfaces
- Quick hardening
- Can be painted with vapour permeable coatings after hardening

Item Codes:  
1262812 - 12.5kg (grey)  
1262912 - 12.5kg (off white)  
1262825 - 25kg (grey)
