TARGET STANDS

The Qualification Targets Inc. **STP-2R** has been Completely Redesigned with the shooter in mind. The STP-2R is made of 1/4" Steel. The two piece design makes transporting and assembly very easy. The wide, heavy gauge, steel base provides ample support for the Poly-Foam backers and Targets, and Sets up using only two bolts. Our upright design was developed to be used with our Poly-Foam Target Backers, without the need for predrilled holes. This allows for a greater range of backer use, even turning the backer on its side to properly display our SHOOTIN ACES Target.

The base of the STP-2R (TP-5) is also designed to work as the stand for the Qualification Targets Inc. TorsoPro Manikin Target (Page 53).

TRAINING MANIKIN

Torso Pro

The **TorsoPro Manikin Target** is the ultimate tactical target. Made of high impact material capable of withstanding over 2,000 rounds of ammunition (depending on calibration and concentration of fire), the **TorsoPro** simulates a 200 pound man and gives you a life-like response to hits. It can also be used for knife and baton training. Ideal for **sniper training**, the **TorsoPro** is lightweight and easily transported. An optional base assembly, the TP-5 gives you a Heavy duty steel base and a support pole.

Torso (TP-100) \$139.00

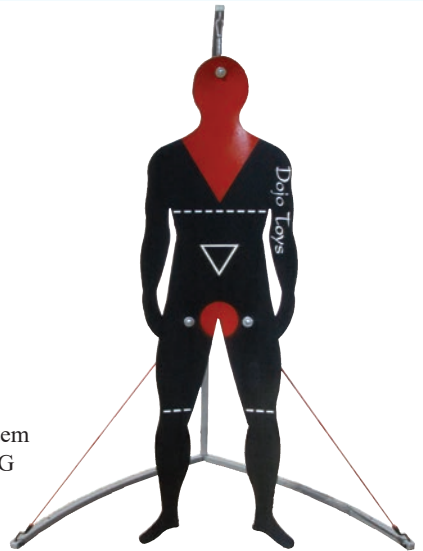

Base Assembly (TP-5) \$74.99

LESS LETHAL TRAINING

The One-Hand Target System (D-OHTS) is a compact, portable and versatile training target system that sets up in minutes without the use of nuts, bolts or tools of any kind. The stand is constructed with powder coated Telsbar Steel Tubing, this lightweight system allows for training in all types of weather and environments. The Less Lethal D-LONG target reacts with each shot fired simulating the impact during an actual encounter. Built with 3/8" synthetic material reinforced with two layers of polyester.
