

## WINDSHIELD SCREW CAP KIT

### Parts Included:

- 3 Tri Flute Caps for 1/4" Thread SHCS
- 1 Hardware Kit Including:
  - 1 1/4-20 x 2 1/4" SHCS
  - 3 1/4-20 x 5/8" SHCS
  - 3 Cap Spacers (smallest diameter)
  - 3 1/4" Narrow Flat Washers

### Installation Instructions:

1. Park on a level surface and shut off the motorcycle. Ensure that the engine has had time to cool before installation.
2. Remove the three original windshield screws and replace with included 1/4-20 x 5/8" SHCS, cap spacers and 1/4" narrow flat washers. Use included 1/4-20 x 2 1/4" SHCS to replace center screw if installing on 2014 or newer model.

3. Check and securely tighten all screws to 25-30 inch-lbs.
4. Firmly press cap onto screw until there is no gap between cap and washer. Repeat on remaining screws.

### WARNING:

This indication alerts you to the fact that ignoring the contents described herein can result in potential serious injury or death if not followed.

### CAUTION:

This indication alerts you to the fact that ignoring the contents described herein can or will result in material damage and/or personal injury.

### ATTENTION:

This indication alerts you to the fact if you ignore this detail you will affect the performance or functionality of the product.

All Giro products are designed for "easy assembly" and/or "plug and play". We recommend a competent mechanic install our products, using standard mechanical procedures to assure a safe and successful installation.

### NOTE:

Giro products are designed and manufactured under very strict quality control. Giro products are warranted to be free of defects in material and workmanship for 1 (one) year from date of purchase by the consumer.

Giro will have no obligation if the customer cannot show proof of purchase.

Warranty will not be granted unless the part is properly installed and maintained.

Giro will not be liable for any consequential and incidental damages, including labor, or non-Giro products.
