

ACCENTS FOR TOUR PAK

Parts Included:

- 1 Right Side Accent
- 1 Left Side Accent

Installation Instructions

1. Park on a level surface and shut off the motorcycle. Ensure that the engine has had time to cool before installation.
2. Use an ammonia-based glass cleaner to remove any wax or contaminants on tour pak. This will ensure a strong bond between the extensions and Tour Pak.
3. Activate adhesive by rubbing with fingernail. Peel back about an inch of each end of adhesive tape. Lightly press accent into place, ensuring proper alignment.

4. Once accent is in place, pull end of adhesive tape until adhesive backing is fully exposed to Tour Pak. Press and hold firmly for 60 seconds. Adhesive fully cures within 24 hours.

5. Repeat steps 2 through 4 on other side of Tour Pak.

WARNING:

This indication alerts you to the fact that ignoring the contents described herein can result in potential serious injury or death if not followed.

CAUTION:

This indication alerts you to the fact that ignoring the contents described herein can or will result in material damage and/or personal injury.

ATTENTION:

This indication alerts you to the fact if you ignore this detail you will affect the performance or functionality of the product.

All Giro products are designed for "easy assembly" and/or "plug and play". We recommend a competent mechanic install our products, using standard mechanical procedures to assure a safe and successful installation.

NOTE:

Giro products are designed and manufactured under very strict quality control. Giro warrants that products sold to the original purchaser shall be free from any defects in materials and workmanship for a period of 3 [three] years from the date of purchase, and a lifetime warranty against LED failure.

Giro will have no obligation if the customer cannot show proof of purchase.

Warranty will not be granted unless the part is properly installed and maintained.

Giro will not be liable for any consequential and incidental damages, including labor, or non-Giro products.
