

LUGGAGE RACK SPACERS

WARNING This indication alerts you to the fact that ignoring the contents described herein can result in potential serious injury or death if not followed.

CAUTION This indication alerts you to the fact that ignoring the contents described herein can or will result in material damage and/or personal injury.

ATTENTION This indication alerts you to the fact if you ignore this detail you will affect the performance or functionality of the product.

All Ciró products are designed for "easy assembly" and/or "plug and play". We recommend a competent mechanic install our products, using standard mechanical procedures to assure a safe and successful installation. Read completely and understand the instructions prior to starting installation.

NOTE: Ciró products are designed and manufactured under very strict quality control. Ciró warrants that products sold to the original purchaser shall be free from any defects in materials and workmanship for a period of 3 (three) years from the date of purchase, and a lifetime warranty against LED failure. Ciró will have no obligation if the customer cannot show proof of purchase. Warranty will not be granted unless the part is properly installed and maintained. Ciró will not be liable for any consequential and incidental damages, including labor, or non-Ciró products. Please visit Ciro3d.com for our complete warranty policy.

CAUTION

Ciró is not responsible for improper loads or unsafe positioning of the Luggage Rack Spacers. Be sure the weight of the contents placed on the rack do not exceed safe limits. It is the users responsibility to determine what the safe limit is based on the position of the load, proper securing of the load and the weight limits given for the motorcycle by its manufacturer.

WARNING

It is the end user's responsibility to use good judgment. Follow the included mounting suggestions. Choose additional tie down straps that work for your application. Adhere to the vehicle manufacturer's GAWR and GVWR (gross axle weight rating and gross vehicle weight rating). When attaching luggage to a vehicle, added weight, shifting loads, and improperly attached luggage can result in loss of control and can lead to death or serious injury.

WARNING

To prevent potential serious injury, ensure the bag is fastened and straps are secure before riding the motorcycle.

Instructions:

1. Park on a level surface, allow the vehicle to cool.
2. Open the Tour Pack lid. Loosen all 4 screws holding the luggage rack onto the Tour Pack lid. Do not remove the screws.
3. Remove the 2 screws and all washers and spacers from one side of the luggage rack.
4. Insert the luggage rack spacer and one black washer under the 2 luggage rack legs.
5. Stack 1 SS washer and 1 black washer onto the included screws.
6. Thread the screws onto the luggage rack legs.
7. Repeat step 4-7 on the other side of the luggage rack.
8. Tighten all 4 screws.

ATTENTION

Do not over tighten the screws.

Items Included:

4	Luggage Rack Spacers
4	SS Flat Washers
4	SHCS 1/4-20 x 1 1/2
8	Black Washers
