Ingredients that make a difference

11 Amino Acids

- Moisturize hair
- Enhance hair strength and repair surface damage
- Improve hair smoothness and shine
- The composition of amino acids found in these products is modeled after the constituent amino acids of proteins in the cell membrane complex (CMC)

Argan Oil

- Hydrates hair in a natural way
- Enhances the elasticity of hair
- Restores hair smoothness and manageability
- Protects the hair against UV rays

Sulfate, Salt & Paraben free

- Sulfates remove natural oils from the hair and can increase the level of irritation to the skin and scalp.
- When shampoos containing salt are not rinsed out properly, they cause dryness of the hair and scalp and colour to fade faster.

Vegan

- 100% vegan ingredients

Quadrplex™

Strengthen • Protect • Detoxify • Repair

Quadrplex is the most complete system of its category. It was created to offer the following 4 essential benefits to your hair: it **strengthens, protects, detoxifies and repairs**. Quadrplex should now be an integral part of your colouring and lightening services and can also be used as a standalone treatment for long lasting results.

Combined with a home care regimen, Quadrplex will not only prevent hair damage and breakage but also ensure healthier, stronger, shinier and more beautiful hair.

PHASE I

HAIR STRENGTHENER AND PROTECTOR

Add **Phase I** to any chemical service such as lighteners and hair colour to prevent irreversible damage. This phase strengthens and protects hair by infusing small molecules of protein, vitamins and amino acids. Additionally it can be used as a standalone treatment.

FEATURES & BENEFITS

- Strengthens and protects damaged hair
- Can be used as a standalone treatment for natural hair or extensions
- Prevents cuticle damage
- Can be used with any lightener or hair colour
- Sulfate and paraben free

PHASE II

DETOXIFIER

Phase II is a detoxifier to be used after a chemical service in salon and once a week as part of the home care regimen.

It is critical to remove all chemical residues from hair after a treatment which is why Phase II was formulated with Oligo's exclusive IDT (Impurity Detection Technology). Upon applying on damp hair the Detoxifier will create white lather. If chemical residues remain on the hair the lather will turn pink informing stylist to rinse hair thoroughly and detoxify hair again until lather remains white.

Phase II is formulated with moringa seed extract and cress sprout extract which are well known to extract harmful toxins from hair and protect it from environment pollutants.

HOME CARE

Phase II is not a shampoo, it is a detoxifier. It was not formulated to be used on a daily basis but rather once a week as part of the Quadrplex home care routine.

FEATURES & BENEFITS

- Gently detoxifies hair
- Formulated with Oligo's exclusive IDT
- Smoothes cuticles

PHASE III

HAIR REPAIRER AND PROTECTOR

Phase III was formulated to be used after a chemical service in salon and once a week as part of the home care regimen.

This phase's unique formula contains a blend of proprietary synergistic molecules that target damaged areas on hair structure, naturally restoring the hair's integrity. Its well-balanced composition of various vitamins and actives molecules provides the ideal biological activity to repair, protect and maintain healthy hair. Long lasting nourishment and protection is obtained by maintaining a weekly routine.

HOME CARE

Phase III is not a conditioner. It was not formulated to be used on a daily basis but rather once a week as part of the Quadrplex home care regimen. care routine.

FEATURES & BENEFITS

- Repairs and protects damaged hair
- Can be used as a standalone treatment for extensions
- Prevents cuticle damage
