blacklight

Everyday luxury for irresistible hair

Who says maintaining healthy and hydrated blondes is hard work? Every Blacklight product has been specially formulated to cater to the complete spectrum of blondes whether they are highlighted, bleached or colour treated.

Highlighting and bleaching treatments not only strip pigments from the hair but also amino acids. For that reason highlighted and bleached hair is often dry, brittle, limp, unmanageable and very porous. The Blacklight solution is a system that infuses amino acids back into the hair, resulting in healthier, smoother and more manageable hair. Additionally, this 100% vegan care line contains argan oil which hydrates hair in a natural way while enhancing elasticity. Plus it is completely sulfate, salt and paraben free!

Thanks to its proven ingredients, Blacklight replenishes hair for touchable results!

Ingredients that make a difference

11 Amino Acids

- ◆ Moisturize hair
- ◆ Enhance hair strength and repair surface damage
- ◆ Improve hair smoothness and shine
- ◆ The composition of amino acids found in these products is modeled after the constituent amino acids of proteins in the cell membrane complex (CMC)

Argan Oil

- ◆ Hydrates hair in a natural way
- ◆ Enhances the elasticity of hair
- ◆ Restores hair smoothness and manageability
- ◆ Protects the hair against UV rays

Sulfate, Salt & Paraben Free

- ◆ Sulfates remove natural oils from the hair and can increase the level of irritation to the skin and scalp.
- ◆ When shampoos containing salt are not rinsed out properly, they cause dryness of the hair and scalp and colour to fade faster.

Vegan

- ◆ 100% vegan ingredients
