Authority

David Koyzis's *We Answer to Another** (2014) is published by Pickwick Publications. His earlier book, *Political Visions & Illusions: A Survey & Christian Critique of Contemporary Ideologies** (2003) was published by InterVarsity Press. Koyzis maintains a blog at <http://byzantinecalvinist.blogspot.com>. Yves Simon's *A General Theory of Authority** (Notre Dame University Press, 1962) is one of several books discussed at length in Koyzis's book. One of the arguments Simon makes is that institutions of authority are necessary in society if pursuit of the common good and common actions are desired. Other books discussed by Koyzis include Robert T. DeGeorge's *The Nature and Limits of Authority* (University of Kansas Press, 1985); Oliver O'Donovan's *The Ways of Judgment** (Eerdmans, 2005), and *Resurrection and Moral Order: An Outline for Evangelical Ethics** (Eerdmans, 1988); and Victor Lee Austin's *Up with Authority: Why We Need Authority to Flourish as Human Beings** (T & T Clark, 2010). See also Robert A. Nisbet, *Twilight of Authority** (Oxford University Press, 1975); Roger Lundin, *From Nature to Experience: The American Search for Cultural Authority** (Rowman & Littlefield, 2005); Lesslie Newbigin, *Truth and Authority in Modernity* (Trinity Press International, 1996); Frank Furedi, *Authority: A Sociological History** (Cambridge University Press, 2013); and Alexandre Kojève, *The Notion of Authority** (Verso, 1943).
