- Windows 7/8/8.1/10/11 (32-64 bit)
- Has One (1) Standard USB Port
- Has All AntiVirus Disabled
- Has Latest windows Update

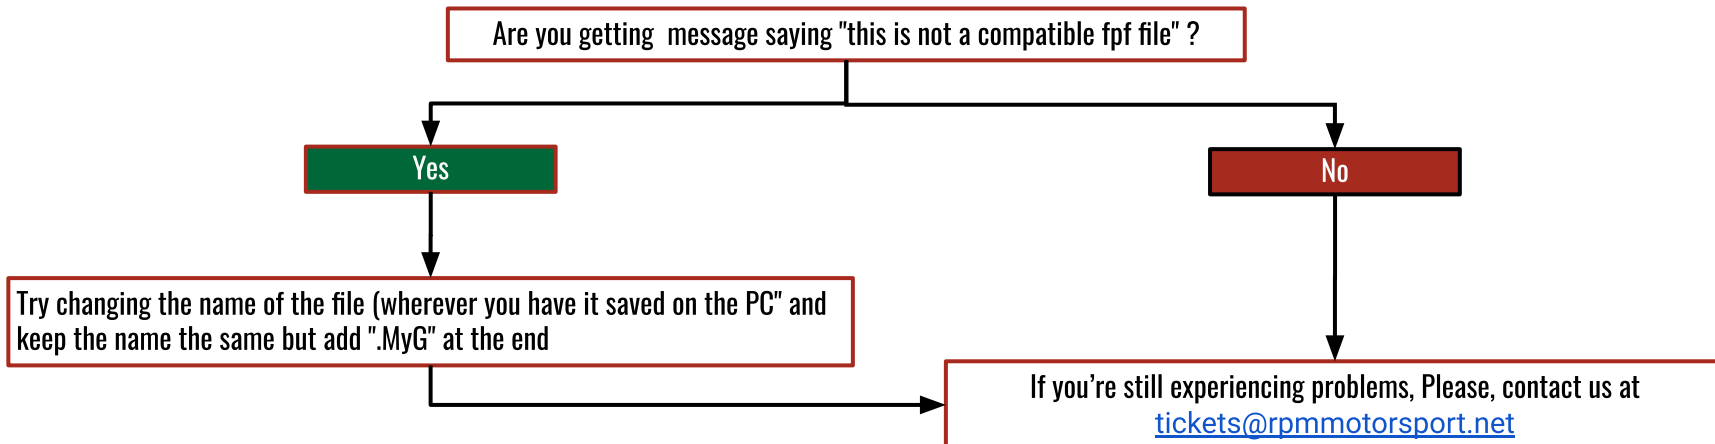

UNABLE TO INSTALL XTREME CLIENT SOFTWARE

UNABLE TO WRITE THE MODIFIED FILE

UNABLE TO UPLOAD MODIFIED FILE

UNABLE TO DOWNLOAD ORIGINAL ECU FILE FROM XTREME PERFORMANCE TOOL

Have you Read the Original File from the vehicle?

Yes

Click on the "Info" button

If it says "**Configured**" then the original file has not been successfully read -> Please see "Tuning READING Instructions" document that was sent to your email and follow the steps to complete PROTOCOL IDENTIFICATION AND READING.

If it says "**Write**" and shows the VIN of the vehicle that means that the original file was read successfully and the "Download" button should be showing up

No

Please see "Tuning READING Instructions" document that was sent to your email and follow the steps to complete PROTOCOL IDENTIFICATION AND READING

If you're still experiencing problems, Please, contact us at tickets@rpm-motorsport.net
