FABRIC AND NOTIONS LIST

Fabric, Interfacing and Stabilizers

Vinyl, cork, leather, quilting cotton, upholstery fabric, waxed canvas, etc. (just about anything that is soft and pliable) can be used for the exterior. Quilting cotton, batik, or waterproof canvas are suggested for the lining. Instructions will not be given for leather, but for those accustomed to working with leather, this design can easily be adapted.

Yardage given is the minimum required and you may need to allow more for pattern matching or directional fabric.

Most of the pattern pieces are basic rectangles, so can be cut by measurements, except for the flap, but all pattern pieces are included except for a few small reinforcing stabilizer pieces for the closures and middle pocket reinforcement.

******* Since the pattern pieces are all relatively small, the following sizes are approximate so you can use quickly grab scraps. See Pattern pieces or cutting chart for exact sizes. ******

• Exterior fabric - Flap - Scraps: Large 8" W x 10" L

Small 7" W x 9L

• Exterior fabric - Exterior: Large 2 @ 12" W x 19" L

Small 2 @ 11" W x 15" L

• Strap: Exterior (Large or Small): 1 piece @ 2" X 54-60" for Strap

2 pieces 1" x 7" for Strap Connector

• Lining fabric (cotton or waterproof canvas: Large 2 @ 12" W x 9" L

Small 2 @ 11" W x 7" L

• Decovil Light or Decor-Bond (DV): Large or Small - 2 pieces @ 3/8" x 3 1/4"

• Scrap of Decovil Heavy or Peltex 70 - Large or Small - Roughly 3" x 4"

• Medium weight, woven fusible interfacing (Only needed if using cotton/batik, etc.)

Flap: Large 8" W x 10" L

Small 7" W x 9L

Exterior: Large 2 @ 12" W x 19" L

Small 2 @ 11" W x 15" L

Lining: Large 4 @ 12" W x 9" L

Small 4 @ 11" W x 8" L

If adding optional slip pockets, more material will be needed. See cutting list for measurements. Allow more material for pattern matching.

Notions

□ Mallet & 1/8" hole punch \Box (2) - 1/2" D Rings \Box (2) – 1/2" Snap hooks for Strap □ Rivet setter or press \Box (1) - 1/2" adjuster buckle for Strap Air or heat erasable writing pen/ marker □ (1) - magnet closure for middle divider Edge coating for vinyl, leather or cork pocket such as Tandy's ® Edge Flex □ (1) Closure of your choice for optional (optional) flap (magnet, turn lock, flip lock, etc.) ☐ Thread to match all fabrics. (2) - 16" #5 zipper for the *Large* Sewing machine needles: Size 12-14 Standard for most sewing, and size Double Pouch 16 Jeans or microtex for top-stitching (2) - 13" #5 zipper for the Small □ Contact cement or other glue that will Double Pouch bond vinyl (if needed) □ (2) - zipper ends (optional)

□ (1) - 10" #3 dress zipper

(8) - 8mm X 8mm long Rivets

□ (2) - 8mm X 6mm long Rivets

- □ Fabric glue and "metal to fabric" glue such as ®E6000.
- Scraps of DV to reinforce closure areas
