

# East Coast Filter, Inc.

INDUSTRIAL FILTRATION & WASTEWATER TREATMENT

**FILTRATION FOR ANY INDUSTRY**  
Over 50 years of filtration experience

# Air Filters

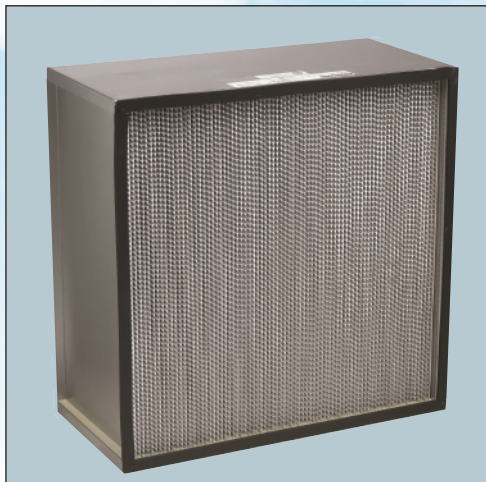

East Coast Filter, Inc. can provide you with all of your filtration needs at very competitive prices. We have a full line of HVAC Filters such as Expanded Metal Filters, Pleated Filters, Pocket Bag Filters, Throwaways, Roll Media and HEPA Filters. We also supply Filters for Air Compressors, Gas Turbines and Dust Collector Systems.

## Extended Surface Filters

Rigid Cell Filters such as the Legacy, Variflow and Vari-Pak, are available from MERV 10 to MERV 15 with Single, Double or No Headers in Plastic and Metal Construction.

## HEPA Filters

High Efficiency Particulate Air (HEPA) Filters designed to remove particles larger than  $0.3\mu\text{m}$  with an efficiency of 99.99%. Used in Pharmaceutical, Bio-Tech, Hospitals, Bio-Electronics, Aerospace, and more.

## Dust Collector Filters

We supply custom and standard sized Dust Collector Bags to retrofit almost any OEM Dust Collector Bag housing. Shaker & Reverse Air Bags, Pleated Bag Cartridges, Cages and much more.

## Gas Turbine Air Filters

Cartridge or Panel style Filters with Protura Nanofibers keep Turbine Systems operating at peak efficiency in the harshest environments.

## HVAC Filters

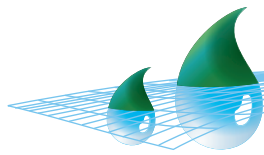

Pleated Filters, Fiberglass Pads, Throwaways, Roll Media, Paint Arrestor Pads, Synthetic Pads, Liners, Expanded Metal Filters, as well as Pocket Filters are available in both standard and custom sizes.

## Air Intake Filters

Elements include Pleated Paper Filter Elements, Sewn or Molded End, Coalescing Filters, & Air/Gas Filters. Filter Housings for Silenced Air Intakes and In-Line Air and Gas Housings are also available.

Call 1-877-ANY-FILTER (1-877-269-3458) or visit [www.eastcoastfilter.com](http://www.eastcoastfilter.com)

# Liquid Filters

With over 50 years of filtration experience, East Coast Filter, Inc. provides our customers with the very latest in **Filtration Technology** at competitive prices. We have an extensive list of products for filtering almost any liquid application you may have.

## Carbon Filters

Carbon Filtration is used to improve taste while reducing Odor & Chlorine in Food and Beverage applications. Granular Carbon is also available and used for VOC Removal as well as organics in Plating Solutions.

## Melt-Blown Cartridges

FDA Grade Polypropylene and Nylon Meltblown Depth Filters are available in both Absolute and Nominal efficiencies from 0.5 to 100 microns. Kynar & PVDF Cartridges are available for Aggressive Chemicals.

## Membrane/Pleated Cartridges

Both Membrane and Pleated Filter Cartridges are available in various filter medias to suit any application with a wide selection of Micron Sizes, Absolute and Nominal Efficiencies as well as End Cap configurations.

## Metal Filters

Available in Sintered, Cylindrical and Pleated Configurations, in 304 and 316L Stainless Steel designs. Great for Aggressive Chemicals, Steam, or High Temperature applications. Designed to be back-flushed and cleaned for continuous use.

## String Wound Cartridges

Cartridges from 0.5-200 microns are available in 4-72" lengths and in a variety of medias such as Polyester, Polypropylene, Cotton, Glass, Rayon, and Teflon. These Filters are also available with Metal & Plastic Cores.

## Filter Roll Media

Filter Roll Media used in Deep Bed Gravity Systems are available in various Medias and efficiencies for all Process Liquids. The Filter Media is available in Cut Pieces as well as Custom Size Roll widths and lengths.

Call 1-877-ANY-FILTER (1-877-269-3458) or visit [www.eastcoastfilter.com](http://www.eastcoastfilter.com)

Whether your filtration needs are for Ultra-High Purity Water or you are just looking to Remove Gross Contaminants from a liquid stream, East Coast Filter, Inc. can provide various engineered and economical options to choose from. East Coast Filter, Inc. also has a database of over one million filter part numbers, so we are confident we can cross a current filter you may already be using.

### Sanitary Filter Housings

Single Round and Multi Round 316L Stainless Steel Sanitary Housings. Accept both 222 and 226 SOE Styles. Filter Cartridges from 5" to 40" lengths for applications that require High Purity Standards.

### Cartridge Filter Housings

Vessels constructed of 304 and 316L Stainless Steel, Polypropylene or PVC. Configurations range from Single to Multi Round Designs, Manifold and Duplex Arrangements to handle any Process Conditions. ASME optional.

### Bag Filter Housings

Carbon Steel, 304 and 316L Stainless Steel, Aluminum, PVC, Hastelloy-C and Polypropylene construction. Other configurations include Multi-Round, Duplex and Manifolded together. ASME Code optional.

### Strainers

Simplex and Duplex Basket Strainers are available in Cast Iron, Bronze, Carbon Steel, Stainless Steel, and PVC/CPVC materials. Automatic Self Cleaning Models are also available.

### RO Membranes

RO Membranes for Municipal, Industrial, Pharmaceutical or High Purity Water applications. We also supply Direct Replacements to other leading Membrane Manufacturers.

### Bag Filter Media

Standard and custom sized bags are available in various medias including Polypropylene, Polyester, Nomex, & Teflon Felt as well as NMO, NMU and POMO Mesh.

# Sorbents & Spill Containment

- Pads and Rolls
- Spill Kits
- Sorbent Socks and Booms
- Pillows
- Drum Containment Pallets
- Wipes
- Drum Tops
- Cleaners and Degreasers

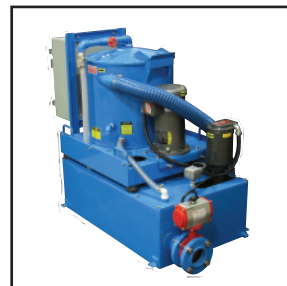

# Oil Filtration

- Gas Filtration
- Hydraulic Elements
- Hilco Oil Filter Elements
- Portable Filtration Systems
- Duplex/Simplex Filter Housings
- Oil Reclamation Systems
- Vent Mist Eliminators
- Metal Working/Coolant Filtration

# Wastewater Treatment/Reuse

- Turn-Key Wastewater Treatment Systems
- Ion Exchange Service/Resin
- Filter Presses
- Filter Press Cloths and Plates
- UF & MF Ceramic and Polymeric Membranes
- Centrifuges
- Portable Sump Cleaners/Filters
- Coalescers/Oil Water Separators
- Magnet Filtration

# East Coast Filter, Inc.

**East Coast Filter, Inc.** prides ourselves on our Superior Customer Service and our ability to exceed our Customer's Needs and Expectations. We provide the highest Quality Filtration Products, Best Delivery Times and Fairest Pricing through Continuous Collaboration with our Suppliers.

As your Filtration Partner, **East Coast Filter, Inc.** strives to make your Filtration Need our Highest Priority and it is our Mission to help our Clients improve Efficiency and Business Profitability Today and Tomorrow.
