

ABOUT PIONEER

Pioneer Butchery and Charcuterie is a company that was built around tradition. In a world where the gap between the rural producer and urban consumer is wider than ever, it is Pioneer's mission to be a bridge that connects our customers to their heritage. Our sausage, smokies and charcuterie products are made with locally sourced, naturally raised meats, just like the good old days. We have combined time tested methods with new ideas and flavours to create a distinct and exciting line of products.

PRODUCT FEATURES

GLUTEN FREE

All our products are gluten free.

LOCALLY SOURCED

We work with local ranchers who have deeply rooted respect for the land and livestock.

GRASS-FED BEEF

All beef is raised without the use of antibiotics, added hormones or steroids.

PASTURE RAISED PORK

All pork is sourced from ranches with quality, pasture raised meat.

Meats that respect tradition. Flavours that embrace change.

Pioneer's original sausage recipes are packed full of fresh ingredients and offer a wide variety of flavours. We have a link for everyone, every meal and every season.
