

SECTION II:

VISUAL TRAINING EXERCISES

INSTRUCTIONS FOR THE READER _____

The exercises in this section are designed to help you build the visual skills that you will need to read with your magnifying device. These skills include seeing letters and words from your best viewing position, telling similar letters apart, scanning across a line, and locating the beginning of the next line. The exercises are arranged in order of increasing difficulty, according to print size and other factors such as word length and line spacing. On the first line of each exercise, the answers are underlined. Move at your own pace. As soon as you feel you have mastered one level, move on to the next. The important thing is to keep practicing!!
