- **Keep the Profits!** - i.e Sell 10 Bags = **\$100.00 profit**.

At Spirit Bear Coffee Company, we are committed to promoting social initiatives and environmental awareness. We believe in giving back to Mother Earth, and we do this in various ways. When you purchase our organic fair trade coffee, you are contributing to our social and environmental causes such as Northern Lights Wildlife Shelter, OWL Orphaned Wildlife Rehabilitation Society, Ocean Alliance, Life Sport Canada, and Bear Clan Patrol.

These initiatives allow us to support and protect wildlife and their habitats, while also investing in local communities. In addition to our social and environmental initiatives, we also offer donation packages and a fundraising program to support local communities. We believe in building strong relationships with our customers and communities, and we are committed to making a positive impact in the world.

Spirit Bear Coffee is committed to the highest standards of ethical practices and providing the highest quality arabica coffee in the world.

We are proud indigenous members of Indigenous Tourism BC, Canadian Council for Aboriginal Business, Indigenous Tourism Association of Canada, and Shop First Nations.

# Spirit Bear Coffee Company

Spirit Bear Coffee Company is a locally owned & operated, First Nations business. We support the health of our coffee bean farmers through organic farming methods & ensuring that they are paid fairly via Fair Trade premiums. We love working with companies & organizations who share our values of community, family, and respecting Mother Earth.Community.

Behind our **Spirit Bear Coffee** and **Drum Circle Sustainability** logos, you will see a drum.

Since ancient times the drum has been used to bring awareness and communicate.

The circle represents balance, where each element is interconnected, interdependent and essential to realize our vision. Everything we do comes back to us with lasting effects on ourselves and future generations, this has also been referred to as "full circle or circle of life".

With the development of compostable coffee pods, in our work and our lives, we seek to honour a commitment to Drum Circle Sustainability which is the blending of Quality, Ecology, Equity &

## Our Whole Bean and Compostable Pod Journey

Since 2006, we've been roasting, packaging and selling premium coffees in our 400g bags. When we saw the growing popularity of single-serve coffee pods, we became concerned about the amount of waste it would generate. When compostable coffee pods hit the market, we set out to work with companies that shared the same idea of sustainable single-serve coffee pods that don't sacrifice taste or our environment.
