Gun Safe Accessories

RIFLE RODS

(Pg. 6-9)

Condense long guns into a smaller space and access them easier than ever. Rifle Rods work with shotguns, ARs, double barrels and optics. Don't buy another safe, retrofit your gun safe today!

NOW IN 3 COLORS!

HANDGUN STORAGE

(Pg. 10-11)

Individual pistol storage hangers adapt to a standard shelf. Great for small or large spaces. Easy access to guns. Made for different areas on or below a shelf.

OTHER PRODUCTS

(Pg. 12-13)

MagMinder

Safe Savers add airflow underneath and help level gun safes. MagMinders clear off shelf space and organize magazines.

STORAGE MAGNETS

(Pg. 14-15)

Magnetic magazine and gun mounts. Easy and versatile. For use in many applications.

Maximize Space

Gun Safe Accessories

Rifle Rods

Is your safe full? Think again!

Rifle Rods act as a stabilizing device to stand guns in the upright position, rather than leaning into racks. The simplicity and versatility of this hook and loop system works with most storage environments - safes, cabinets, closets.

This infinitely adjustable storage system allows you to condense long guns into a fraction of the space and access them easier than ever.

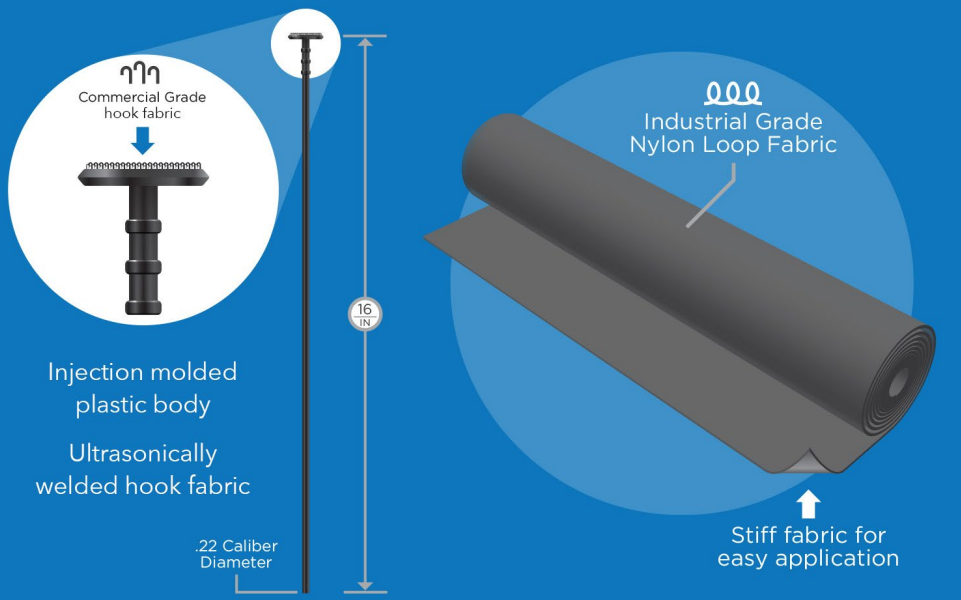

Increase Capacity

Easy access to back row

Great for scopes/optics

★★★★★ Great product- room for more guns!!

Using the Rifle Rods helped organize my gun safe and made room (that I didn't know I had) for more guns, which is always a good thing. I was so happy about it I went out and bought a new shotgun!!

8

★★★★★ Force Multiplier

I was able to increase storage within my gun safe by an additional 60% of advertised capacity. I need to keep my firearms secure, but with a gift here and an inherited gun there, I was out of room in the maximum size safe I could locate in my home. Everything is now neat and tidy, and I find I'm not knocking firearms together when removing one from the back.
