

## PRODUCT SPECIFICATIONS

### DTF Transfer (direct to film) for fabrics / t-shirts

Pre - printed DTF Transfers are ready to be applied, no need to cut, weed, or use any additional products. Simply press the design onto your fabric / tshirt and you are done ! Super super easy.

High quality long lasting print. We've done all the hard work, you just need to decide where to apply these fabulous bright designs. DTF Transfers are printed onto a clear film, only the colour will adhere to your garment.

#### Application Instructions (heat press)

- Preheat garment for 2-3 seconds to remove any moisture and prevent shrinking
- Apply design at 140°C, cover with baking paper / parchment paper during press
- Use firm pressure for 10 - 12 seconds
- Cool Peel
- Re-press for 2 seconds

- Wait at least 48 hours before washing
- Do not prewash your garment
- Do not cover design with a Teflon sheet, apply using baking or parchment paper
