

CanDo® Professional Balance Board

Product Information

Weight	8.55 kg
Brand	CanDo
Item No.	W54593 [1015388]

Description

CanDo® Multi-Axial Platform System offers adjustable ROM and weight training to maximize lower body rehabilitation. Board is reversible for use with either left or right foot. Both sides of board have weight rod and instability ball positioning insets. CanDo® Multi-Axial Platform System uses the same color-coded instability balls as the CanDo® MVP® balance system. CanDo® Multi-Axial Platform System components are available individually or as part of a set.
