PHONICS SOLUTIONS

from Pioneer Valley Books are always defined by these principles of instruction:

SYSTEMATIC AND EXPLICIT:

To learn how to *decode* and *encode*, students need systematic and explicit instruction in *phonemic awareness* and *phonics*.

MULTISENSORY INSTRUCTION:

Students need *engaging*, *hands-on* procedures and materials for learning and practicing phonics skills.

ASSESSMENT AND MONITORING:

Phonics instruction needs to be accompanied by *ongoing assessment* and *monitoring* to ensure that students are making progress and to adjust instruction as necessary.

PRACTICE AND FEEDBACK:

As a framework for instruction, the *gradual release model* provides demonstration, scaffolding, and immediate feedback for students while they practice new skills.

IMMEDIATE TRANSFER OF PHONICS SKILLS TO PRINT:

Students need daily opportunities to apply their phonics skills to *authentic reading* and *writing*.

PHONICS TOOLKIT

Engage readers and solidify learning by providing multisensory phonics instruction using the high-quality resources in our Phonics Toolkit.

PHONICS TOOLKIT

KIT	CODE	PRICE
Phonics Toolkit	PHON-tools	\$140

INCLUDES: 5 packs of Lowercase Magnetic Letters; 1 pack of Uppercase Magnetic Letters; 1 Letter Storage Box; 6 Magnetic Letter Trays Printed with Letters; 1 Magnetic Dry-Erase Easel; 6 Dry-Erase Markers with Eraser

STAGE 3: IMPACT

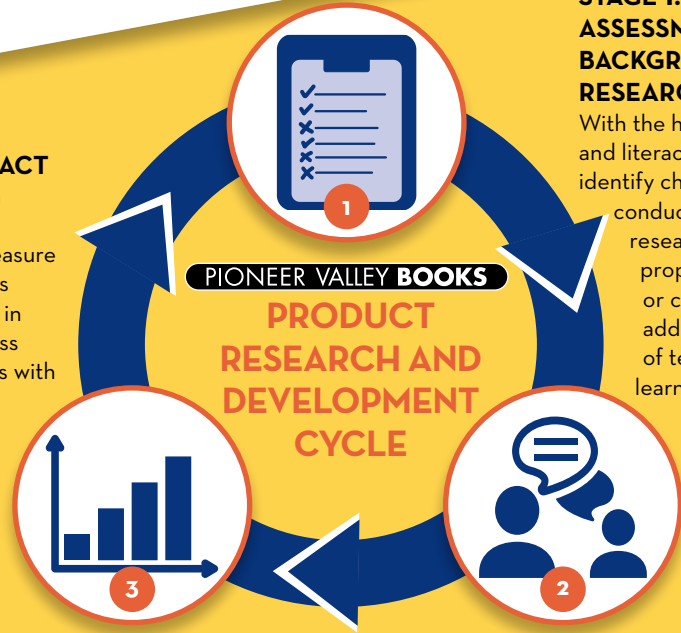

We partner with researchers and educators to measure the effectiveness of our programs in classrooms across different settings with diverse student populations.

STAGE 1: NEEDS ASSESSMENT AND BACKGROUND RESEARCH

With the help of educators and literacy leaders, we identify challenges. After conducting background research, we then propose a resource or curriculum to address the needs of teachers and learners.

STAGE 2: DEVELOPMENT AND DESIGN

As we develop the solution, we conduct trials and testing with students and teachers in classrooms and schools. We use that data and feedback to guide improvements throughout the production process.
