Made for sun. Worn for fun.

Tame the Sun was born from necessity when Kimberlee was looking for sun safe swimwear for her two fair skinned daughters. With limited options available in the market she decided to create a brand that embodied the Australian love of the outdoors, encouraged individuality with bold prints and most importantly functional sun safe designs.

Our goal for Tame the Sun is to create a community of beautiful girls who love spending time outdoors in high quality, sun protective swimwear that offer exceptional value and joy.

Tame the Sun swimsuits are lovingly designed to ensure both mum and her babe are delighted with their purchase. We know the details matter and include full body lining, zip guards for little fingers and only use premium UPF 50+ fabrics which are chlorine resistant.

A photograph of three young girls sitting on a sandy beach. They are all wearing matching long-sleeved floral swimwear and wide-brimmed straw hats. The girl on the left has long dark hair and is looking towards the camera. The girl in the middle is wearing yellow sunglasses and smiling. The girl on the right has long red hair and is laughing. They are sitting on a light blue towel. To the right of the girls is a large wicker picnic basket with a red and white striped cloth inside. The background shows tall grass and a clear blue sky. The text "Our Range" is overlaid in white, sans-serif font across the middle of the image.
