High-Performance USB Type-C Adapter Series

Have a USB Type-C notebook, desktop, Smartphone or Tablet that has a USB-C port? Need to use existing, USB3 or USB2 peripherals but cannot connect?

The new Dynamode C-TC-OTG is a new generation of OTG (On the Go) adapters that allows almost any USB3 or USB2 device to be connected to USB Type-C only devices.

Ideal for when you need to connect peripherals such as mice, keyboards or data storage devices including card readers that only have regular USB ports.

Super-fast in operation, with transfer speeds up to 5Gbps when applicable, and of course highly durable.

Supplied on a flexible, 16cm in total (approx) cable length, its Plug n' Play in operation for your digital lifestyle.

specifications:
