Wall Mounted Enhanced Containment Solutions

Looking to house your extra-depth managed networking, VoIP, CCTV or other products that a standard, shallower wall cabinet simply cannot provide?

Introducing the new **C-Series** range of 500mm deep Wall Enclosures that come in three heights including **6U**, **9U** and **12U** form factors.

Advanced features that you've come to expect from the LMS Data family of Wall Enclosures including reversible front glass door, removable side panels aiding pre and post installations and of course standard, ETSI 19-inch rack mount front and rear profiles.

Robust powder-coated, black detailing and quality alloy assembly means its ideal for a whole host of data, VoIP and CCTV installations - all with the added advantage of the extra 500mm depth design.

enclosures - power distribution -
