Quality Cable Management Solutions For Cabinets

Looking to add post-installation vertical cable management to your existing EcoNetCab or ValuCab enclosures?

The high-quality, alloy constructed LMS Data cable tray is the ideal choice when it becomes necessary to provide anchor points for all types of infrastructure cabling, such as data, telco or even power.

Comprising of multiple slotted holes, giving a wide variation of anchor points, the tray comes powder-coated in black and is easily fitted to your existing LMS Data series Cabinets and Enclosures.

specifications:

Full height, alloy cable management tray - 150mm wide (approx)

Ideal for LMS Data EcoNetCab & ValuCab Enclosures

Multiple cable slotted anchor points - For tidy cable installs

Effectively reduces cable stress on high-performance cables **Easy routing to patch panels, switches and more**

Create a tidier installation for effective post-install work

Available in various sizes - 12, 15, 18, 20, 22, 27, 34, 36, 42 & 47U

enclosures - power distribution - cabling
