Home And Office WiFi Enabled Smart IP-Camera

Looking for a low-cost but high-quality WiFi enabled IP-Camera that's simple to setup and smartphone ready?

The exciting **DYN-700** HD IP camera is unlike regular IP cameras in that its a doddle to setup by simply scanning the QR code on the side of the camera - no messy IP addresses, opening Firewall ports, its up and running in minutes.

Integral 720p multicoated glass lens with a wide FoV, the camera comes complete with a sensitive microphone and of course the latest 802.11n WiFi setup.

Ideal for smartphone or tablet (as well as regular computers), the free app allows you to monitor wherever you are, at work, or on holiday the other side of the world.

specifications:

Compact, easily positioned HD colour IP Camera

Super-fast 802.11n WiFi with 1-key configuration

HD wide field-of-view (FoV) imaging processor

Built-in microphone for complete audio feedback

720p, 360p and 180p resolution (selectable)

Free apps for iOS(tm) and Android(tm)

QR coding setup - automatically opens any firewall*

Motion detection and remote recording capabilities

* some extra configuration
maybe required
