Performance Power Distribution Data And Industrial Applications

Looking for high-performance power distribution using the industry standard Schuko(tm) fitment?

The newly developed LMS Data 16A heavy-duty horizontal, rack-mount PDU is ideal for high-loading device requirements including server, network and other industrial-type equipment functions such as broadcast and HVAC applications, plus ideal for EU/European AC power applications.

Combining a fully certified Schuko(tm) 16A plug input combined with a compatible heavy load power flex means you can be assured this LMS Data PDU can work without problems, 24/7.

Furthermore, incorporated onto the horizontal form-factor is standard Schuko(tm) sockets, 6 in total, allowing for safe and secure electrical power feeds to your high power appliances and devices.

Robust in design, with an integral neon illuminated rocker switch for assured functionality, the LMS Data PDU is designed to deliver maximum electrical power today and tomorrow.

specifications:

Horizontal high-performance Power Distribution Unit

Industry standard Schuko(tm) power outlets (6 outlets)

Industry-standard Schuko(tm) male EU fitted plug

Robust, black aluminium design for industrial use

Neon on/off power switch for assured control and safety

1.8 metre (approx.) power cordage

Ideal for data, telecom, broadcast and HVAC applications
