## Economical Network Patching

SoHo  
Wall Cabinets

Restricted  
Spaces

PBX and VoIP  
Patching

Legacy LAN  
& Gigabit

## The Ideal SoHo Compact Patching Panel

### Need to upgrade your current 10-inch structured cabling solution to Category 5e?

The new LMS Data **PPAN-12-10** is an effective and of course competitive solution for the latest networking technologies, all with the added benefit of a 10-inch wide design.

Ideal for SoHo (small office, home office) applications such as homes, branch offices or anywhere a compact data enclosure is required.

The PPAN-12-10 is ideal for running the latest Ethernet technologies including Gigabit (1000BaseT), VoIP and of course any legacy applications you maybe required to run.

Robust in design with standard KATT IDC connectors, the PPAN-12-10 from LMS Data also benefits from the 25-year structured cabling warranty, for extra piece of mind.

## specifications:

12-Port, 10-inch wide Category 5e Patch Panel

**Compact and robust 1U form-factor design**

Exceeds current CAT5e (enhanced) performance

**TIA-EIA-568A/B with Krone AT&T (KATT) IDC**
