

CHARGE YOUR BATTERY ON THE GO!

Your trailer battery should last longer than your work day

INTRODUCING OUR
— 20 AMP —
ROADCHARGER

PLUG THE ROADCHARGER INTO YOUR VEHICLE'S 7 WAY

to deliver up to 20 amps of power back into your hydraulic trailer battery while you drive.

HOOKUP IS SIMPLE AND EASY

with no complicated wiring. Reduce service calls swapping out dead batteries.

QUICKLY REPLENISH YOUR BATTERY'S CHARGE

to keep your equipment operating longer and harder, increasing your productivity.

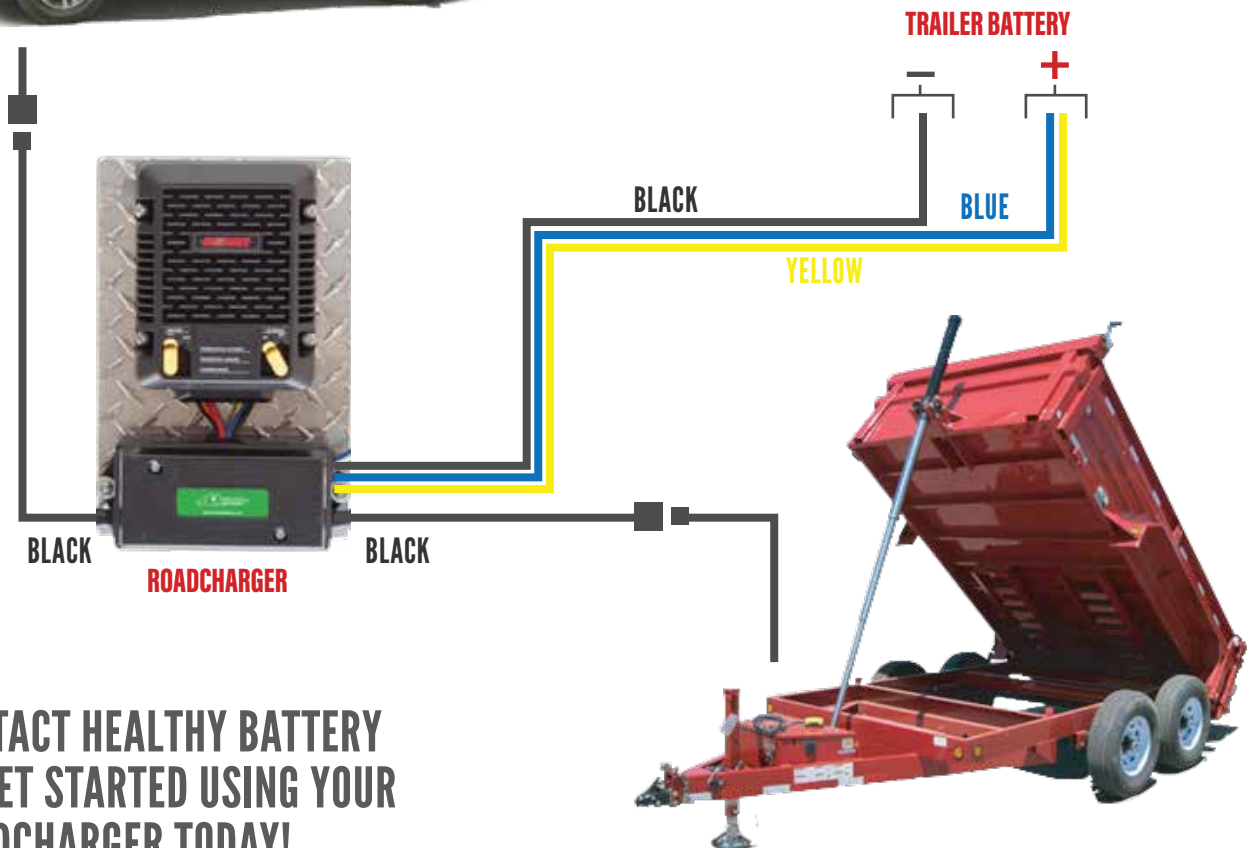

LET ROADCHARGER HELP YOU OUTWORK YOUR COMPETITION!

With the RoadCharger

DEAD BATTERIES ARE NO MORE!

DO THESE PROBLEMS SOUND FAMILIAR?

- Your battery is too drained to empty a trailer load.
- You're having a hard time remembering to recharge your battery overnight before the next day's use.
- Your battery becomes drained between extended uses and must charge or be swapped before using.
