

Water Resistant

Built-in
Microphone

True Wireless
Pairing

■ IPX6 Water Resistant

Tested to protect your device from high-speed water jets, so if you were to get caught in a powerful rain storm or heavily splashed when poolside, your speaker is protected.

■ Built-in microphone

Allows you to answer calls with the touch of a single button.

■ Dynamic Bass Response

Our innovative design utilizes two active speakers and two passive radiators, providing deep rich bass for hours of listening enjoyment.

■ True Wireless Stereo

Allows you to pair two Sound-Ring II speakers to the same source to form a true wireless stereo system. Spread your Sound-Ring II speakers out to fill your space with 360° sound.

■ Sound-Ring II LED

Our stylish dual LED indicators notify you with visual alerts when charging, charge complete, and pairing the speaker to your phone, tablet, or computer.

Specifications:
