- Minimum order of 10 units per order.
- Your custom embroidery cost is included.
- Payment will be processed once logo mockups are approved.
- Custom embroidery services require approximately 14-28 days turnaround time not including shipping.
- When complete, your order will ship via UPS to the shipping address provided and tracking information to follow.
- UPS ground unless otherwise requested.
- Shipping & handling is a separate fee.
- All custom orders are non-returnable or exchangeable.

WHAT WE NEED FROM YOU

- What type of product are you looking for? Have a consultation with customer service on product type and availability.
- Digitized logo. If you don't already have that, no worries we can do that for you. One time fee of \$40.00
- Suggested logo placement. Wearer's left or right chest placement is typical, however depending on the garment, we may have other options. We'll ensure the embroidery size & location fits the garment.
- We also offer design services. Meet with our graphic designer for a consultation. *Additional fee may apply.
- Final production requires customer approval. We will send you a mock up to approve the embroidery for design, color and placement.
