By Susan Romero

We all know that it's difficult to buy gifts for our mothers, but the gift of relaxation and pampering is always welcome. Here are some spa gift ideas that will help any mother feel pampered and relaxed while at home or in a spa.

What mother doesn't love a massage? At **Skin Spa New York**, treat your mother to a 50-minute **Himalayan Hot Stone Massage** for only \$99.00 (regularly \$150.00) for Mother's Day. The massage includes hot stone therapy and coconut oil for ultimate hydration. There are several locations in New York City.
