The future may look a little grim, but don't let that get you down because the future looks dazzling in the world of beauty. From home eye massages to [printable](#) nail art, Donna Ruko is looking at three dazzling beauty gadgets coming out in the near...

After gaining success at several popular New York City [locations](#), [Skin Spa New York](#) has expanded to the Boston area. Skin Spa New York includes spas in Soho, the Fashion District, a few locations in Midtown, Flatiron, and a location on the Upper East Side. Now, Skin Spa's doors are open on stylish [Newbury Street](#) in the Back Bay. This elite spa celebrated its debut with an exclusive grand opening evening offering free services, appetizers from [Mei Mei](#), frozen yogurt from [Pinkberry](#), local farmer's market's favorites from [Mother Juice](#), and cocktails that included a specialty called '[Raspberry Beret](#)' as a tribute to [Prince](#) on Thursday, April 28. Spinning the latest hits by DJ [Liz Ladoux](#), Skin Spa opened its doors featuring the special services they are famous for. [Click here](#) for a closer look at Skin Spa's services, and [here](#) for more information.

Each room offers a number of services including a customized massage, [laser hair removal](#), waxing and waning, microdermabrasion, body treatments, sunless tanning, and more in a peaceful and pristine setting. Skin Spa's rooms are comfortable with state of the art technology and all services are easily accessible on one floor. **Membership** offers ten percent off their products and the first treatment is free each month. Save money on an [upgraded membership!](#)
