About Us

Town & Country Covers, based in Hampshire in the UK, are a leading international protective seat cover distributor that offer quality driven products.

Our current ISO quality management certification and returns rate of less than 0.09% goes to show that quality is our number 1 priority.

Outdoors is in our DNA, which led to our idea for protective seat covers. We produced our first covers in 1986 for the water sports industry whom, like us, wanted to drive home in their wetsuits without damaging their seats.

Known for their high quality, our seat covers started to be picked up by professionals from various industries which led to our specialist in-house design team growing our range across various vehicles.

We use the highest specification in materials, suppliers and manufacturing facilities. This coupled with our in-house design and pattern-making team, enable us to offer precision tailored seat covers that are easy to fit and built to last.

Our covers are distributed through a vast network of dealers, online sellers and wholesalers. This means that our covers can be purchased throughout the UK as well as abroad.

Our Material

Having been in the industry since 1986, we've been innovators and led the market with cutting edge materials.

We're constantly looking for ways to perfect our product for our customers and to reduce our impact on the environment. This led most recently to 600 denier Polyester with a waterproof Polyurethane coating (generally referred to as 600D/PU) – this material is the least harmful to the environment without sacrificing quality.

We're continually looking for ways to improve our product and service offered to customers and we will bring new materials as technology advances. For now, we're confident we have the best combination of comfort, breathability and durability on the market.

The 600D/PU is a heavy-duty material, with a strong matrix, making it resistant to tearing and scuffing whilst also having excellent UV resistance so it doesn't fade easily.

It is also waterproof to a hydrostatic head of 600mm.

Vehicle Application

We are committed to ensuring that every customer finds the correct product for their vehicle. To this end we have created a cover finder on our website and a growing library of fitting guides (some which include video demonstrations).

This is to allow you, our customers to quickly find the right product and fit with ease – this can be done via our website www.townandcountrycovers.com.

3D Universal Front Seat Cover

Our best selling Universal Front Seat Cover with an elasticated apron around the front, integral head rest and Velcro fastenings to allow access for arm rests. The 3DF will fit the vast majority of single seats in cars and vans.

Single Front Seats - Fast Fit / Mechanics Cover

Car and Van Fast Fit Front Seat Cover

The Fast Fit Front is a universal cover designed to be fitted or removed in seconds. It is a single piece, covering the front and back of the seat and is secured in place at the headrest and with elastic around the back of the seat.

The cover is perfect for people who want to use a seat cover for a one off job, or mechanics instead of single use plastic covers.

Universal Covers

Double Van Passenger

Double Van Passenger Seats

The Van Double is a Universal cover for the front double passenger seat found in many small or medium vans and light commercial vehicles. It is a single piece, secure fitting cover that enables access to seat belts, covers the head rests and features an elasticated apron around the front. The cover has a Velcro flap in the middle to allow access to integrated seat-belts that are affixed to the middle of the seat.

Multi-Fit Rear Seats

Our Universal Multi Fit Rear cover is designed to fit standard rear seats in cars, pick-ups and small vans. The cover is available in three sizes to accommodate all sizes of seats. Velcro slots at the top allow for the cover to be fitted and secured around the headrest, while letting seatbelts come through. Seatbelt buckles are accessible through Velcro slots where the back of the cover meets the base. The cover is held in place with an elasticated apron and Velcro strips that go under the base of the seat.

Van Crew Rear Seats

Our Universal Van Crew Rear is designed to fit three or four person crew seats in vans. Velcro slots at the top allow for the cover to be fitted and secured around the headrest, while letting seatbelts come through. Seatbelt buckles are accessible through Velcro slots where the back of the cover meets the base. The cover is held in place with an elasticated apron and Velcro strips that go under the base of the seat.

Child Seat Protector (ISOfix) & Camper Van Captain Seat

Universal Camper Van Captain Seat Cover

This seat cover is designed to fit 'Captain' style seats usually found in camper van and mobile home conversions where there is a fixed headrest and the seatbelt is attached to the chassis of the vehicle.

These seats are usually, but not always, found in camper vans and mobile homes built from the Citroen Relay, Peugeot Boxer or Fiat Ducato van platform.

Universal Camper Van Captain Seat Cover Black	UN3822

Car Seat Protector For Child Seat

This seat protector will fit almost any seat. It has been designed to protect the back seats in your car or van from the damage that can be caused by a child seat. When fitting a child seat the ISOfix points can cause damage to the edge of your seat. This protector will prevent this from happening and also work as a barrier protecting your seat from dirt and water damage. This ultra durable protector can also be affixed to the front seats and act as an extra strong abrasion guard for your seats.

Universal Covers

Steering Wheel Covers

Steering Wheel Covers

The heavy duty steering wheel covers are made to fit steering wheels found in almost any car or van. The TPE core allows the cover to stretch and grip the original steering wheel extremely well. The cover will provide ultimate protection for your steering wheel.

Key Features:

- Easy to fit
- Comfortable
- Heavy Duty
- Stylish Finish

It is waterproof and heavy duty. Made from TPE (core), PVC (edging), PU (top) to offer the best combination of comfort and durability. The industrial design provides extra grip, protection and a stylish finish.

Land Rover Defender Range

Defender (up to 2007) 3 Seat Front Set

This set is designed for all Land Rover Defender models up to 2007 (56 plates and before) including the Land Rover 90, 110 and 127. For the front seats use Defender 3 Seat Front Set (DFBLK or DFGRY). Depending on the layout in the rear there is a Defender 60/40 Rear (D64RBLK or D64RGRY). For seats with a 60/40 rear split and for inward facing rear seats use the Defender Inwards Facing Rear (DIR3GRY). Please note these will not fit the very latest models of Defender.

DF: A five piece set comprising of three one piece seat covers and two headrests.

D64R: A four piece set comprising of a double back, double base, a single back and a single base.

DIR3: A four piece set comprising of two double bench bases and 2 double bench backs.

Defender (2007 onwards) 2 Seat Front Set

For all Land Rover Defender models after 2007 (07 plate onwards) we have tailored covers for front seats and both rear seat layouts. For front seats use Defender (2007 onwards) Front Set (DFBLK or DFGRY), for vehicles with two rear seats use Defender (2007 onwards) 2 Seat Rear (DF2RBLK) and for vehicles with three rear seats use Defender (2007 onwards) 3 Seat Rear (DF2R2BLK).

DF2: A six piece set comprising of two bases, two backs and two headrests.

DF2R: A six piece set comprising of two backs, two bases and two headrests.

DF2R2: A seven piece set comprising of one double base.

Land Rover Discovery

Land Rover Discovery Series 1 (1989 – 1998)

We have tailored covers for all seats in all Land Rover Discovery Series I (1989 – 1998) models. For the front seats use our Discovery Series I Front Set (DYOF), for the rear seats use our Discovery Series I Rear Set (DYOR) and for boot seats use our Discovery Series I Boot Set (DYOB).

DYOF: A two piece set comprising of two one piece seat covers.

DYOR: A four piece set comprising of one single base, one single back, one double back and one double base.

DYOB: A two piece set comprising of two one piece covers.

Land Rover Discovery Series 2 (1998 – 2004)

We have tailored covers for all seats in all Land Rover Discovery Series II (1998 – 2004) models. For the front seats use our Discovery Series II Front Set (DYNF), for the rear seats use our Discovery Series II Rear Set (DYNR) and for boot seats use our Discovery Series II Boot Set (DYNB).

DYNF: A six piece set comprising of two single piece seat covers, two head rests and two arm rests.

DYNR: A four piece set comprising of one double base, one double back, one single piece seat cover and one arm rest.

DYNB: A four piece set comprising of two single seat covers and two roof mounted headrest covers.

Land Rover Discovery Series 3 and 4 (2004 Onwards)

We have tailored front sets for the Discovery 3 (2004 - 2009) and the Discovery 4 (2009 – present). For the Discovery 3 use the Discovery 3 Front Set (DY3F) and for the Discovery 4 use the Discovery 4 Front Set (DY4F). For the rear seats in these vehicles use our Multi Fit Rear Large.

DY3F: A six piece set comprising of two single seat covers, two arm rests and two headrests

DY4F: A six piece set comprising of two single seat covers, two headrests and two arm rests.

Isringhausen 6860/875 (pro) Truck Passenger

This seat cover is designed to fit the variation of Isringhausen 6860/875 with adjustable seatbelt function at the shoulder and one shoulder being lower than the other. The MERT04 is for the passenger seat in right hand drive vehicles and will also fit the driver seat on a left hand drive vehicle. This seat is commonly found in Mercedes Unimog and Econic, Iveco Stralis, MAN TGS, TGX, TGM and TGL as well as older models of Mercedes Axor, Actros, Antos and Atego. The seat cover comes in two parts, allowing full adjustment of the seat to be maintained while the cover is fitted and allows for unimpeded access to the seatbelt.

Mitsubishi Fuso Canter Seat Cover

This seat cover set is designed to fit the front seats in the Mitsubishi Fuso Canter (2012 model onwards). It is a five piece set, two pieces for the driver seat and three for the double passenger seat. The passenger seat is still able to fold down while the cover is fitted and the driver side headrest is uncovered to maintain visibility through the rear winding. The cover allows for arm rests and maintains all seat functions.

MAN Truck – Driver and Passenger Seat Cover (Grammer)

This seat cover is designed to fit the “Grammer” driver seat (TR4218) and passenger seat with integrated seatbelt (TR4225) that can be found in MAN; TGM, TGS, and TGL trucks. The driver seat cover (TR4218) allows for the integrated seatbelt on the right shoulder and the passenger (TR4225) allows for the integrated seatbelt on the left shoulder. The cover comes in four parts; a single base cover, a single backrest cover and two armrest covers to allow for full adjustment while fitted.

Please note that MAN trucks can also be fitted with an “ISRI” (ISRINGHAUSEN) seat, in which case you will require our MERT05BLK (driver) or MERT06BLK (passenger) cover.

MAN Truck – Folding Passenger Seat Cover Without Integrated Seatbelt

This seat cover is designed to fit the folding passenger seat without an integrated seatbelt that can be found in MAN; TGX, TGM, TGS and TGL trucks. It is usually crew cab versions of this vehicle that are fitted with this seat. The cover allows the backrest to fold forward. The seat cover comes in two parts; one backrest and one armrest to allow for full adjustment while the cover is fitted.

Minibuses

Transit Minibus Fourth Generation (11-18 Seats)

Ford Transit Minibus (2014 Onwards)

These seat cover sets are tailored for Ford Transit Minibuses (Fourth Generation). We have sets to fit all the seat options in these minibuses, including 11 - 18 seats and Base or Trend models. This generation of Transit Minibus were released in 2014 and first registered on a 64 plate.

All of the covers in the set come with a separate cover for the headrest allowing this to be fully adjusted. There is also a cut out on the shoulder to allow for the seatbelt and there is unobstructured access to the buckle.

The Trend model has reclining seats with adjustable arm rests on the rear passenger seats. Our seat cover sets allow for these features to still be used while the covers are fitted. The Base model has no arm rests and the seats do not recline.

Eight and Nine Seat Minibuses

Ford Tourneo Custom & Custom Kombi

These seat covers are designed to fit the Ford Transit Custom Kombi and Ford Tourneo Custom eight or nine seat minibuses. These vehicles were released in 2013 and first registered on a 62 plate.

The TCS is for driver and single passenger seats. The TCD is for double passenger seats. The row of three behind the driver and passenger seats is TCTK. The rear most row is a TCTK if the seats fold in the exact same way as the row in front. If the rear seat does not fold you will need TCC.

Renault Traffic Combi

These covers are designed for eight and nine seat models of the Renault Trafic, Vauxhall Vivaro, Fiat Talento and Nissan NV300. These vehicles were released in 2014 and the earliest models were registered on a 64 plate.

For single front seats use TV01. For double seats with under seat storage use TV03 and for double seats without underseat storage use our Universal Van Double. The TV04 is for both rear rows of three.

Minibuses

Old Style Ford Transit

Ford Transit Minibus (2000 to 2014)

We offer tailored seat covers for all of the old-style Ford Transit minibuses. These are the models that pre-date the vehicles made and released in 2014. These include the eight and nine seat Tourneo and Kombi up to the 17 seat variations.

For eight and nine seater variations, because the seat configuration in these models can vary we do not offer sets, however we can protect all of your minibus seats using a combination of covers.

The front driver and single passenger seats should be fitted with Transit Single (TRS), front double passenger seats with Transit Double (TRD), the middle row where one seat folds with Transit Tourneo Folding Rear (TTFR) and the rear fixed row with Transit Crew (TRC).

For 12 to 17 seat minibuses we offer full sets, and these can be found in the table below.

We can supply all combinations of old-style Ford seat layouts. Please get in touch and we will be able to assist you. Please note, our covers will only fit standard Ford minibuses and will not fit converted vans.

FlexiLite Citroen Relay & Renault Master

FlexiLite Minibus

These seat covers are designed to be fitted to the Cogent Solo M2 and M3 rear seats with padded headrest. These are found in lightweight minibus conversions, usually built from the Citroen Relay, Peugeot Boxer and Fiat Ducato van platforms. These are an after-market seat that can be put in any vehicle.

When seated, facing forward, with the seatbelt on your right shoulder use TA4041. For seats with the seatbelt on the left shoulder use TA4058. Driver and front passenger seats will depend on the vehicle.

Renault Master Minibus

This seat cover set is tailored to fit all 17 seats in the Renault Master or Vauxhall Movano minibus.

These covers are only suitable for vehicles with factory fitted seats.

The covers allow for:

- Under seat storage
- Integrated Seatbelt
- Fold Down Tray

OEM Services

Town & Country create tailored vehicle seat covers to suit individual needs. If your vehicles need covers that we don't cater for, or you require a tailored fit for a vehicle that we currently supply as universal covers, our expert design team are here to help.

We can also provide seat covers unique to an individual specification as an OEM product.

Any of our covers can be embroidered with alternative branding or logo. We have provided these services for major heavy goods vehicle manufacturers and their parts companies and a number of motor factor chains.

Minimum order criteria applies. For more information please contact us.
