

NOAH SOFA

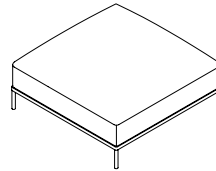

The noah sofa combines maximum flexibility with complete customizability. Based on just two sizes, the noah modules offer countless possibilities. Thanks to its modular design and plug-in system, assembly and reconfiguration are effortless and require no tools. Furthermore, each component can be repaired, exchanged and recycled, ensuring sustainability and low maintenance. The easy-to-clean fabric allows for quick stain removal with just a damp cloth. When needed, the covers can also be removed and machine washed. The noah sofa is manufactured in Germany using high-quality and durable materials and is shipped directly to you.

- **Maximum flexibility**
- **Complete customization**
- **Made in Germany**
- **Highest quality**
