Sizing Chart for Coat Wraparound Lead Apron

The following sizing chart caters for our most popular (standard) sizes. If you need help selecting the right size, please refer to the measuring guidelines below the sizing table.

Coat Wraparound Lead Apron (in cm)						
Size	XS	S	M	L	XL	XXL
	91	97	107	113	120	127
Chest circumference	80-85	86-91	92-97	98-107	108-113	114-120
Standard length	100	100	100	100	100	100

When measuring total length, allow for frontal overlap. For a better fit, measure at the widest point. Other lengths available: 90, 110, 120. Other sizes available on request.

If your individual measurements do not fit the standard sizing charts below, please feel free to send them to info@deutschmedical.com.au and we will assist you in choosing the most suitable size for your radiation protection apron.

My Individual Measurements	
Circumference of chest at underarm	cm
Length from (highest point of) shoulders to below knee	cm
