### **TOP MAKE-UP PRODUCT**

Hush eye shadow by MAC, €15.99. I use it on my eyes, but also blend it over my cheekbones, cupid's bow, under brows, and along my nose to add dimension to my face.

Texture Maker by Sebastian Professional, €18.65. This is a non-aerosol hairspray with sea salt crystals, which you can spritz over freshly washed or day-old hair, and it gives the texture of a surf spray without the usual grittiness.
