## BATWING

### PRODUCT DESCRIPTION

The Batwing Pouch™ is an extremely versatile addition to most of our packs. Two Batwings can be coupled together on our Mainframe™ to build a great minimalist day pack, or they can be added to an EMOD™ compatible pack as a way to increase capacity. The minimalist design allows the Batwings to be zipped apart and laid open for placing and securing meat or gear between them while they stay securely fixed to the frame.

### FEATURES

- EMOD™ compatible
- Vapor Series™ compatible

### SPECS

- Volume: 562.5 c.i. / 9.22L
- Weight: 9.6oz
- Dimensions: 21H x 5.25W x 3.75D

### NOTE

This version of the Batwing is discontinued. Version 2 will be available later this year.

## KITE 4800

### PRODUCT DESCRIPTION

The Kite 4800™ is an outstanding stand-alone ultralight pack that can also be combined with our Mainframe™ systems. Designed for the minimalist, the Kite's capacity to weight ratio is best-in-class. When used with our frames, detach the shoulder harness and hip belt for more weight savings. The Kite 4800 uses the Hookup Kits™ to connect to our EMOD™ frames, resulting in a lightweight, modular, and expandable pack system.

### SPECS

- Volume: 4800 c.i.
- Weight: 5.15 lbs
- Dimensions: 42"h x 19"w x 10.5"d

## PHANTOM - G3MB ONLY

### PRODUCT DESCRIPTION

Designed as the quintessential sniper pack, the Phantom™ offers the ability to remove the bag and straps from the rifle scabbard, which can then be combined with the buttcover to make a drag bag with its dedicated drag loop. The Phantom is a front-loader with various sized pockets for organization and MOLLE inside and out for adding on any pouches you might need. A fold-down shelf can be used to divide the main compartment into upper and lower chambers.

### FEATURES

- Removable Tactical Weapon Scabbard
- Stowable rain fly included
- Included buttcover with scabbard
- Internal MOLLE and organization shelf

### SPECS

- Volume: 2213 c.i.
- Weight: 9lbs 6oz
- Dimensions: 24.5H x 19W x 10.5W
- Scabbard Dimensions: 34"L x 10"W x 3"D, 26" circumference opening

## TERMINATOR - F4MB ONLY

### PRODUCT DESCRIPTION

The Terminator™ is the latest and lightest edition of the Terminator series. The Intex II™ frame offers maximum weight carrying capability for an excellent expedition sized pack, while the pack design allows you to stay organized with multiple integrated pouches. The included rain cover in the bottom zippered pocket keeps your gear dry and a removable MultiLid™ top can be used as a traditional fanny pack when you need to go as light as possible.

### FEATURES

- Intex II aluminum frame
- Front access & top access to main compartment
- Fully adjustable harness & belt
- Rear scabbard tunnel
- Removable top “floating” lid
- Horizontal 25mm webbing for external latching
- 10mm MOLLE webbing throughout
- 2 large front pouches
- 2 large side saddlebags
- Inner drawstring closure

## LODRAG II V1 - X31MB ONLY

### PRODUCT DESCRIPTION

Designed to be a highly functional, lightweight tactical pack, as well as incorporate a tactical weapon-sized scabbard, the LoDrag II™ has been a staple in the precision rifle world. Inside the main compartment, the LoDrag II features a fold-away shelf to segregate the top and bottom load space, laptop and document sleeves, and a hydration sleeve for our WX2L and WXP3L hydration systems.

### FEATURES

- Tactical weapon scabbard
- Fold-away shelf to segregate the top and bottom load space
- Laptop and document sleeves
- Hydration sleeve

### SPECS

- Volume: 1987 c.i.
- Weight: 6lbs 12oz
- Dimensions: 22.5H x 11W x 11.75D
- Scabbard Dimensions 36” H x 12” W

### NOTE

This version of the X31 is discontinued. The new version is currently available in Multicam, Dry Earth, and Military Green. Black and Coyote Brown will be available later this year.

## WARHAMMER

### PRODUCT DESCRIPTION

Built around Eberlestock's innovative Intex II™ aluminum frame, the Warhammer™ is a great load-bearing, 3-day pack. The two large butterfly compartments helps you organize your gear and increase storage capacity by rotating them outward. The Warhammer can be adapted for more capacity by zipping in a Super Spike Duffel™, or built into a higher capacity version of our Skycrane II™ by adding a Little Brother™ and MultiLid™.

### FEATURES

- Large butterfly compartments
- Rifle scabbard compatible
- Hydration carry compatible
- Modular, expandable design
- 1000 denier nylon exterior
- Use our Large Reversible Rain Cover for weather protection

### SPECS

## DESTROYER

### PRODUCT DESCRIPTION

The Destroyer™ is an upgraded version of the modern mountaineering style backpack. Both top and front-loading capabilities makes getting to your gear a whole lot easier with a pack of this scale and the diaphragm system can separate the top and bottom compartments. Grapple Compression Straps™ keeps your gear tight to your body and also acts as a mounting system for sleeping pads, tents, or even a rifle.

### FEATURES

- Top and front-loading capabilities
- Grapple™ compression straps
- Top organizational lid with mesh pouch for accessories
- Includes stowaway rain cover
- Interior clip for securing the 2L or 3L Source® hydration bladders

### SPECS

## BIG TRICK

### PRODUCT DESCRIPTION

The Big Trick™ will serve you well in any situation, but it was intentionally designed for one specific purpose — to allow comfortable and discreet carry of longer guns, such as a full-scale folding sniper rifle. Low-profile magnetic closures on both sides of the pack offer quick access to your handgun while the expandable bottom compartment increases overall volume and lengthens the scabbard, allowing you to customize the pack for load size and weapon length. Expandable to 31.5"

### FEATURES

- Rare earth magnetic openings to hidden handgun pouches
- Interior loop-velcro PALS webbing to rack accessories
- Interior pockets for hydration bladder, mags, small item organizers, etc.
- Detachable harness & hip belt
- New MOLLE-10 webbing offers the ability to carry standard 3-row MOLLE accessories, with a 60% weight savings over standard 25mm MOLLE matrixes
- Ambidextrous concealed holster suitable for most handguns, including full-frame semi-automatics.
- Expandable Scabbard suitable for various M4-class semi autos, 11" barrel length and shorter, or folding scoped rifle in the extended model
- Use our Large Reversible Rain Cover for weather protection
- 1000 denier nylon exterior

### SPECS

## MINI-ME HYDRATION PACK

### PRODUCT DESCRIPTION

The Mini-Me™ includes a 2L Source™ hydration bladder to keep you in the field longer. It has multiple internal organizational pockets and features for compartmentalizing gear and a large main compartment for bulky items like clothing. Unzip the scabbard tunnel to allow the integration of our Scabbard™ in order to comfortably and securely carry a rifle or shotgun. An included mesh bird bag can be deployed from the underside of the pack.

### FEATURES

- Comes standard with 2 liter Source hydration bladder
- Four zippered compartments (One full depth spotting scope pocket)
- Wrap around zipper opens scabbard tunnel
- Secret compartment with deployable Bird Bag
- Pull-out hip belt
- Grapple compression strap

## CHERRY BOMB

### PRODUCT DESCRIPTION

The Cherry Bomb presents a unique mountaineering aesthetic and minimal profile. It features two main compartments: one “public” and one “private”. In the public compartment, there are organizational pockets, a laptop sleeve, and document sleeve. In the private compartment, there is enough storage to hold a rifle. The main stowage compartment is the perfect length to discreetly carry a broken-down rifle, SBR, or pistol with an overall length of 24.5”.

### FEATURES

- Includes a rain cover stowed in a pocket in the bottom.
- Removable waist belt has two zippered pockets (although our favorite way to use this pack is executive-style, with the waist belt removed)

### SPECS

- Volume: 1012 c.i. / 16.58L

## X1A3

### PRODUCT DESCRIPTION

Capable of carrying a compound bow and a rifle at the same time, the X1A3™ is the perfect day hunting pack for any season. Features include an exterior front pocket for quick access essentials, tubular side pockets for spotting scope access and a large back storage compartment for a hydration bladder or jacket. The Gossamer Frame™ sheet is swappable with our Intex II™ tubular frame for more load hauling capabilities.

### FEATURES

- Improved centerline rifle scabbard holds all types of long guns, from shotguns to ARs
- Large tubular front pockets form a stable cradle for your bow
- Updated Ripcord Bow Tether system provides excellent stability & allows you to remove your bow while wearing the pack
- Full-depth spotting scope pockets
- Gossamer polycarbonate frame sheet provides extra support for packing heavier loads and is interchangeable with our tubular aluminum Intex frame, so you can customize the fit & function of the pack to meet your personal preferences
- Vertically adjustable shoulder harness

### SPECS

- Volume: 1,725 c.i. / 28.27L (does not include scabbard volume)
- Weight: 5.60 lbs
- Dimensions: 20H x 10.5W x 9.5D

## ZIP-ON DRY BAG

### PRODUCT DESCRIPTION

A perfect compliment to your Mainframe™, or Just One™ pack. Increase capacity of any of these systems by zipping in either size dry bag for a lightweight load hauler. The roll-top lets you compress your load down and the taped seams keeps your gear dry.

Combine the dry bag with a pair of Batwing Pouches™ to make a lightweight, capable, meat-hauling day pack.

### SPECS

- Volume: 4000 c.i. / 65.55L
- Weight: 15oz
- Volume: 6700 c.i. / 109.79L
- Weight: 1lb 3oz

## VAPOR 2500

### PRODUCT DESCRIPTION

The Vapor 2500™ is the smaller of our ultra-lightweight series of EMOD™ packs with a capacity of 2800 cubic inches. Designed specifically around the Mainframe™ (Mainframe not included), the Vapor Series is our most versatile and lightweight pack system. The 2500 has all of the same great features as our larger 5000 pack but in more compact, front-loading only arrangement. External features include extended depth stretch pockets to retain drink bottles, spotting scopes, tripods, etc. Removable Duraflex HD 25mm buckles allow you to expand the pack from the frame and create a channel to carry meat bags or heavy loads close to body and center of gravity.

### FEATURES

- 140D 2-way stretch fabric
- 450D Aramid Reinforced Rip-Stop (camo options)
- 500D Nylon Rip-Stop (solid options)
- Polyurethane water resistance coating
- Removable Duraflex HD 25mm buckles
- YKK Zippers

### SPECS

## X1E

### PRODUCT DESCRIPTION

The X1 Euro™ features excellent accessibility to the whole interior of the pack through top-loading and lower front-loading zippers. A fold-down shelf allows you to use the upper and lower chambers independently or as a combined space. Generous storage pockets keep your smaller items organized and a full-width rifle scabbard keeps your hands free. Lightweight MOLLE-10 webbing provides mounting options for a variety of gear and accessories.

### FEATURES

- The patented centerline Backscabbard is wider with a new compression-style stability feature that holds virtually all hunting rifles stably, from lever to bolt action to AR-type rifles.
- Eberlestock's MOLLE-10 Padlock webbing matrix is 60% lighter than traditional MOLLE webbing, yet holds most standard 25mm MOLLE accessories.
- Comes with Gossamer lightweight polycarbonate frame, providing more support and well suited for packing heavier loads.
- Vertically adjustable shoulder harness allows a custom fit to most torso lengths.
- Use our Large Reversible Rain Cover for weather protection

### SPECS

- Total Volume: 2,175 c.i. / 35.64L (c.i. does not include scabbard volume)
- Weight: 5.75 lbs
- Dimensions main bag: 24H x 11.25W x 10.5D
