

MagSafe
Wireless Charger
Cup Holder Phone Mount

User Manual

CUP HOLDER INSTALLATION

1. Make sure the cup holder expanding grips are all the way in.
2. Put the mount in the cup holder.
3. Twist the release knob clockwise in your cup holder until secure.

Caution:

Please make sure that the mount is installed in the center of the cup holder to avoid shaking while driving.

MAGSAFE CHARGER

1. Connect the USB-C Cable on the MagSafe Wireless Charger to a recommended 20 watt or greater USB-C Car Charger.

2. Place your MagSafe phone on the wireless charger. The indicator light will turn blue once the phone starts charging.

NOTE: The Magsafe Wireless Charger is compatible with iPhone 14, 13, 12 Series and phones using MagSafe Disc.

CAUTION

- Before using this wireless charger, please be sure to read the user manual carefully and follow the instructions within.
- **DO NOT** throw the wireless charger into fire or water. Failure to comply may result in combustion or explosion.
- Place out of the reach of children.
- **DO NOT** forcefully shake, knock or hit this product.
- If there is any leakage, swelling or other abnormal phenomena, discontinue use.
- **DO NOT** cover the charger with paper or other obstructive objects as it may result in the product not cooling or heating properly when intended.
- Before using the MagSafe wireless charger, please check the voltage requirements and make sure it complies with the power regulations of your country.

NOTE ⚠

The MagSafe Wireless Charger will not provide fast charging, or may not charge at all, for chargers equal to or below 1 amp. To experience MagSafe Wireless Charger's full potential, please use a QC or ETL certified charger above 20 watt.
