

Focus Melts Lab Tests.

At Feals, our goal is to produce the purest end product as possible. In order to do so, we test your Melts at each step of our production process.

Lot Number: 24046A

TEST 1

Botanical Test

Our cultivation partners follow organic farming practices, and validate no traces of any heavy metals, solvents, or 60 potentially harmful pesticides are found before production begins.

✓ 60 Pesticide Test

TEST 2

Extraction Test

Once the citrus extract passes quality assurance, it's further refined into bio-identical cannabinoids. Here, the product undergoes a comprehensive molecular profile and potency test to determine the compound's unique cannabinoid makeup.

✓ Bio-identical Cannabinoid Profile Test

TEST 3

Final Test

Before being shipped to your door, we ensure the accuracy of our partner tests by sending each batch through a final test of quality, profile, and potency. A summary of that test is summarized below and the actual results are on the following pages.

✓ All previous tests taken one last time

Pesticide Test: ✓ PASS

Heavy Metals Test: ✓ PASS

Microbiology Test: ✓ PASS

Cannabinoid Profile & Potency
