LT-SMART- WALLETT

## LT-SMART WALLET

Thousands of men forget or lose their wallet every day and it can be quite a hassle to deal with. Leather Talks Smart Wallet is the solution to that problem. Connect your wallet directly to your phone and get notified from the moment you switch on your phone. Keep your cards and cash always safe.

# THE PRODUCT

This modern gadget is perfect for the modern man. It connects directly to your cell phone. The GPS tracking system prevents it from getting lost or stolen. A small shutter camera captures the identity of the thief immediately.
